NEMA 4 JIC Galv. Clamp Cover Only Enc.

Application

EPI NEMA 4 JIC Galvanized Steel Clamp Cover Only Enclosures are designed for use in areas which may be regularly hosed down or are very wet. They are suitable for use in dairies, breweries, and similar installations.

Construction

Made from 16 and 14 gauge hot-dipped galvanized steel sheets. All seams are continuously welded. Boxes feature external stainless steel screw clamps on all four sides for securing the cover. The solid neoprene gasket is attached to the cover with oil-resistant adhesive. All hardware is stainless steel. There are no knockouts or holes. External feet are furnished for mounting. Panels must be ordered separately.

Finish

The standard finish is a G-90 hot dipped galvanized steel sheet.

Industry Standard

Meets National Electrical Manufacturers Association (NEMA) Type 4 (Water Tight and Dust Tight) enclosures.
